

RoHS Statement

Customer information about RoHS

Absolent AB is a manufacturer of products that cleans contaminated air at the source in manufacturing processes. We strive to avoid using hazardous substances and hereby confirm that Absolent AB's products are RoHS compliant and meet the requirements according to **Directive 2011/65/EU**.

We do not analyze the supplied components, but we systematically send our suppliers a questionnaire for compliance. According to our knowledge due to information collected, our suppliers do not use hazardous substances that exceed the limit values.
